**Voice Levels for Learning**

Why?

YOUR  
VOICE  
Matters

The logo features the word "YOUR" in a blue, serif font. Below it, the word "VOICE" is written in a dark blue, serif font. The letter "i" in "VOICE" is replaced by a red speech bubble with a white lowercase "i" inside. Below the "VOICE" part, the word "Matters" is written in a blue, sans-serif font.

1. To build a classroom climate, engagement is needed for active, relevant learning
2. Noise level needs to match the type of learning (i.e. test taking, group work, instructional time)
3. It is a life skill to be able to modify one's voice in order to be socially and workplace acceptable
4. Understanding voice volume is a form of nonverbal communication

# Zero=Silence

For example, test taking requires voice silence. This needs to be taught to many students.

# One=Partner Share

# Two=Table Talk or Group Work
